COMPLAINT

1. This action arises from unlawful corporate campaign contributions, in violation of Minn. Stat. § 211B.15, made by Action 4 Liberty, a registered 501(c)(4) organization, to the Neil Shah for Governor Campaign. **Exhibit A.**
2. In 2021, Action 4 Liberty actively fundraised for the Shah for Governor campaign. Additionally, on multiple occasions, Action 4 Liberty provided the Shah for Governor campaign with its “digital backbone” (permitting the campaign to actively campaign on-line) free of charge.

FACTS

3. Based on information and belief, the Complainant, Matt Werden, adopts all allegations set forth in this Complaint.
4. Action 4 Liberty (“A4L”) is a registered 501(c)(4) located in the State of Minnesota. **Exhibit A.**

5. A4L’s mission is to “protect liberty for the next generation.”¹ A4L implements this mission by recruiting “pro-liberty candidates for the legislature and equip[ing] them to win their elections.”
6. A4L controls a political action committee (the “A4L PAC”) registered with the Minnesota Campaign Finance and Public Disclosure Board. **Exhibit B.**
7. Dr. Neil Shah for Governor (“Shah for Governor”) is a candidate committee registered with the Minnesota Campaign Finance and Public Disclosure Board. **Exhibit C.**
8. Dr. Neil Shah has been a candidate for Governor since August 3, 2021.
9. Based on information and belief, in 2021, A4L has made illegal corporate contributions to Shah for Governor.
10. Starting on or about August 6, 2021, Shah for Governor sent fundraising e-mails containing links that share a domain with A4L. **Exhibit D.** ²
11. In Shah’s e-mail, a donation icon provided a hyperlink taking users to a donation page. The donation link was a A4L link routing users through a A4L domain to a Shah donation page. Other links, such as the heading and volunteering links, also route users through A4L domains. **Exhibits D-1 and D-5.** The presence of all the A4L links shows that it furnished Shah for Governor with the web-based means to engage in direct fundraising and other campaign-related activity.
12. On or about August 3, 2021, A4L sent out an e-mail endorsing Dr. Shah’s campaign. **Exhibit E.** Within this e-mail, there was a link to Shah for Governor’s website. This link is another A4L link that routes users through a A4L domain directly to Dr. Shah’s

¹ ACTION FOR LIBERTY, ABOUT, <https://www.action4liberty.com/about> (last visited Apr. 11, 2022).

² For summaries of corresponding exhibits, see Exhibits D-1, E-1, F-1, F-5, F-8, G-1, G-6, G-11, G-16, G-21, G-26, and G-32.

website. **Exhibits E-1 and E-3.** Subsequent to the August 3, 2021 email, A4L sent out at least three other e-mails endorsing Dr. Shah. The bottom of each e-mail states that the e-mail was “Created with NationBuilder, software for leaders.” **Exhibit F.**

13. Following the A4L endorsement on August 3, Shah for Governor sent out emails on August 6, September 9, September 15, September 28, October 6, October 10, October 14, and November 3, 2021. Each of these emails contained embedded A4L hyperlinks, demonstrating that the “backbones” of these web-based services were all product of A4L’s efforts. Additionally, all the Shah e-mails state that they too were “Created with NationBuilder, software for leaders.” **Exhibits D and G.**
14. The Shah communications additionally evince that A4L is providing Shah with its membership email lists and/or access to its membership, in addition to the fundraising links previously provided by A4L.
15. Close examination of the hyperlink attributes shows that all of the communications, from Dr. Shah and from A4L, are using the same internet domain, Urchin Tracking Module Parameters, and identifiers. These unique features are identifiers used to show who is responsible for creation and control of the domains.
16. Therefore, because the hyperlinks in Dr. Shah’s emails contain the same A4L identifiers (also the same identifiers used by A4L in its communications), this shows that they were:
 - a. created by or for A4L,
 - b. controlled by A4L,
 - c. paid for by A4L, and
 - d. utilized by A4L and Shah for Governors for Shah’s specific and exclusive use.

17. None of the emails contained in Exhibits D, E, F, or G indicate that the A4L PAC was responsible for the communication (or that the communication was an independent expenditure). It is indisputable that the communications were from A4L, the 501(c)(4) entity, as the communications were done by, through, and directly linked to the A4L 501(c)(4) entity's website. *See Exhibits D-1, E-1, F-1, F-5, F-8, G-1, G-6, G-11, G-16, G-21, G-26, and G-32.*
18. Expenditures and contributions must be reported in the year they are made. Minn. Stat. § 211A.02; Minn. Stat. § 10A.01, subd. 9.
19. The A4L PAC did not report any contributions or expenditures during the whole of 2021 or in its April 2022 1st Quarter Report. **Exhibits H1 and H2.**
20. A4L PAC has reported various media-related expenses on its previous reports, in 2019. **Exhibit I.**
21. The A4L PAC did not report contributions for 2021 April 2022 1st Quarter Report. *See Exhibits H1 and H2.*
22. Shah for Governor has not reported any expenditures in 2021 for services provided by A4L or for any services provided by NationBuilder. **Exhibit J.**

VIOLATIONS OF LAW AND CLAIMS

23. Corporate political contributions are expressly prohibited under Minnesota law. Minn. Stat. § 211B.15, subd. 2. Under this statute, a “corporation” includes a nonprofit corporation. Minn. Stat. § 211B.15, subd. 1(2).
24. Minnesota law strictly prohibits a nonprofit corporation from making a contribution “of any money, property, free service of its officers, employees, or members, or thing of monetary value” to “promote or defeat the candidacy of an individual for

- nomination, election, or appointment to a political office.” Minn. Stat. § 211B.15, subd. 2.
25. A contribution is “money, a negotiable instrument, or a donation in kind that is given to a political committee, political fund, principal campaign committee, local candidate, or party unit.” Minn. Stat. § 10A.01 subd. 11(a).
26. A “donation in kind” is “anything of value that is given [...]” Minn. Stat. § 10A.01 subd. 13.
27. The Minnesota Campaign Finance and Public Disclosure Board has jurisdiction over this matter pursuant to Minn. Stat. § 10A.022, subd. 3(a).
28. The Minnesota Campaign Finance Board and Public Disclosure Board has previously concluded that the use of a website constitutes a contribution. The “use of a Web site without charge is a donation in kind” whose “fair market value will count both against the applicable contribution limits of the candidate and against the campaign expenditure limit of any candidate...” *See* Minnesota Campaign Finance and Public Disclosure Board, Advisory Op. 381 (May 16, 2006).
29. A4L’s activity has gone far beyond simple website usage; it is using its online resources to actively fundraise for the Shah for Governor campaign. *See* Exhibit E. Additionally, it is providing the digital “backbone” for Shah for Governor to campaign for office, free of charge. *See* Exhibits D-1, E-1, F-1, F-5, F-8, G-1, G-6, G-11, G-16, G-21, G-26, and G-32. A4L is providing Shah for Governor with multiple and repeated illegal corporate contributions in violation of Minnesota law.
30. A4L’s expenditures complained of herein constitute, at the VERY least, in-kind donations, and thereby contributions, to Shah for Governor in violation of Minnesota

law. A4L has contributed goods and services of significant monetary value to Shah for Governor by furnishing Dr. Shah with digital services, digital material, and other web-based support that the candidate would otherwise have to pay for. See Exhibits D, E, F, and G.

31. A4L's expenditures were not independent because its links are incorporated in Dr. Shah's e-mails, and the links route users to Dr. Shah's official website. Therefore, there was implied or explicit consent to receiving the web services through incorporation of the services in Dr. Shah's e-mail.

RELIEF SOUGHT

32. Pursuant to authority conferred on the Board by Minn. Stat. §§ 10A. 022, subd. 3(a) and 211B.15 subd. 7(a), it may impose penalties "up to ten times the amount of the violation" if a nonprofit corporation illegally contributes to a campaign.

33. Additionally, pursuant to Minn. Stat. § 211B.15 subd. 7(b), a nonprofit corporation that "knowingly violates" Minn. Stat. 211B.15 "is subject to a fine not greater than \$40,000." A knowing violation occurs when the nonprofit corporation "at the time of transaction... knew (1) that the transaction causing the violation constituted a contribution under chapter 10A, 211A, or 383B; and (2) that the contributor was a corporation ..."

34. The Complainant requests that this Board impose maximum fines pursuant to Minn. Stat. § 211B.15 subd. 7 for unlawful corporate contributions by A4L.

35. Additionally, Complainant requests that the Board refer the matter to the Washington County Attorney for prosecution.

Respectfully submitted,

To: [REDACTED]

Jonathan,

Last year a close friend's mother and father were admitted to the hospital with COVID in Georgia. The father had bad lungs and deteriorated quickly. The mother did well, but he eventually succumbed to COVID.

During his time in the hospital nobody was permitted to visit him. Not his wife - who could safely have been cohabitated with him - not his daughter (who was vaccinated), not his son-in-law. Nobody.

He died alone!

My friend, also a physician, was outraged. She wrote a bill to prevent this moral travesty from ever happening again. She got the bill introduced. She testified in support of that bill. Legislators on both sides of what is a nonpartisan issue claimed to support her. Then the hospital lobbyists put their thumbs on the scale. The bill died in committee, killed by the career political class.

In March of 2020, Governor Walz decided by himself to ban elective surgeries. Routine preventative examinations were delayed. Mammograms, colonoscopies and other lifesaving surveillance was delayed.

I operated every day through the early pandemic. Not a single patient or staff member was infected, or passed, COVID in our clinic.

No one has done more to destroy the freedoms and prosperity of Minnesota than Tim Walz. His anti-science, anti-freedom lockdowns were a disaster for the mental health of our youth and our state's economy.

Here we are staring down mask mandates on our kids again this fall with the looming spectre of lockdowns close behind - all because we could not pass Never Again legislation to curb these abuses.

That's why I'm running to be your next Governor – to save the state we love from career politicians.

With your help, I will be elected as Governor. I look forward to signing the Never Again Bill to ensure that we will not be subjected to the whims of a single tyrant

who views you as dials to be manipulated on a whim.

Can you imagine a Governor getting elected and the first thing he does is say “take away my powers!” That’s easy for me to do because I’m not running to have power over you, I’m running because I believe that our state is better without more government control.

But to be in that position to sign the Never Again Bill into law, I first need to get elected. That’s where I need your help.

I’m an outsider running against career politicians. Instead of working my way through the political ranks, I built a thriving small business that helps Minnesotans.

I’ve realized we can’t win back the Governorship by using the same old playbook that the other career politicians are using. It WILL fail.

I want to save Minnesota for you and your children – and I’m not afraid to do what it takes to make that happen. I’ll challenge Tim Walz to travel to all 87 counties and debate me on “the science.” I believe he should stop hiding in Saint Paul, come out and face you and explain why he locked you down.

Please help me serve you in St Paul by making a [donation to the campaign](#). We need everyone on board if we want to get rid of Governor Walz for good.

Donate to Elect Neil

If you haven't seen my launch video yet, please take a look at it now. And please share it with friends and family so our message gets out.

Radical leftism is a cancer...it must be removed.

Together we can disrupt the political system in Saint Paul by sending in a true outsider dedicated to service, not climbing the political ladder. Minnesota is a state that we love and it's worth saving from career politicians.

[Help me. Please consider a financial contribution today to help Save Minnesota from career politicians.](#)

Thank you!

Sincerely,

Dr. Neil Shah

The media and government's new fear campaign is in full force. New York City just instituted vaccine passports. Health freedom be damned!

Even Walz is hinting at declaring new Emergency Powers to create a new mask mandate. And the MN Dept of Health is now paying [12 year olds \\$100 to get the vaccine.](#)

This is all happening because career politicians in St Paul REFUSED to pass Rep Erik Mortensen's **Never Again Bill** into law.

I can't think of a more important issue in politics than this. Clearly politicians are hell bent on eroding our liberties in the name of "stopping the spread".

Fortunately, the race to remove Governor Walz from office has a new doctor in it! [Dr. Neil Shah](#) launched his campaign this morning to Save Minnesota from career politicians.

I agree. Career politicians are a huge problem!

Dr. Shah owns a growing medical practice in Minnesota that was shut down unilaterally by Governor Walz when he decided to ban elective surgeries in 2020. It not only impacted the business he worked so hard to build, but his patients missed early diagnosis for serious issues like skin cancer.

So Dr. Shah decided to get in the race as an outsider, because career politicians keep screwing things up. And he just signed the [Never Again Pledge](#) today pledging to the people of Minnesota to make passing the **Never Again Bill** his top priority as Governor

[Thank you Dr. Neil Shah](#) for pledging to stop the tyranny and ensure it Never Happens Again. He joins Mayor Mike Murphy and businessman

Mike Marti who also signed the same pledge.

Scott Jensen still refuses to sign the Never Again Pledge and has stated he is open to using Emergency Powers for things like curfews.

Take the time to thank Dr. Neil Shah for making the **Never Again Bill** a priority. Let's end lockdowns, mask mandates and forced vaccinations for good!

Thank Dr. Neil Shah for signing the pledge at neil.shah@electneil.com.

Jonathan --

ESPN reported on Friday that the Minnesota Vikings fired Assistant Coach Rick Dennison for refusing to get the COVID vaccine. And that defiance is "heroic" according to one doctor.

Dr Neil Shah, who owns a large, growing private practice in the Twin Cities, wrote an [article in Alpha News](#) today defending Rick and our health freedom. According to Dr Shah...

Coach Dennison is heroic in standing up for his health freedom at the expense of his job. What he puts in his own body is a decision that should be left up to him, not anyone else. It's unbelievable that a statement like that

seems out of the norm these days. Sadly, the last 17 months have acted as the largest assault on our civil liberties in modern times. It disturbs me to see the medical and scientific establishment eagerly demand the erosion of health autonomy based on a false argument that individual rights can be cancelled for some "greater good."

I agree with Dr Shah - Rick Dennison is heroic for taking a stance. As many of you know, it's not easy to go against the cultural norm these days. Especially when your job is at stake.

When you go up against the COVID Cultists and the media, you end up on the receiving end of hate and unflattering labels. Here's the headline from Fox News this afternoon.

FOX NEWS

**Anti-vaxxer coach Rick
Dennison will stay with
Vikings after all**

This story appears to have a twist though. The media is walking back the ESPN statement from Friday and are reporting that Rick still has his job.

Taking a courageous stance may have worked out in the end!

If we give up on health freedom in this country, we are no better than our enemies. This is an important right that **MUST be protected. Why aren't more doctors and medical professionals joining Dr Neil Shah and speaking out?**

This isn't going to stop with the Vikings organization. It's coming to our jobs, schools and social organizations. It will affect YOU and it will affect me!

We need more courageous people standing up for what they believe in. And we definitely need more good doctors like Dr Neil Shah speaking up for our health freedom!

Joe Rogan, Neil Shah, Ivermectin

I need to get something off my chest...

A lot of things in the past year got my blood boiling. One of those things was the government-media censorship and mockery of valid treatments for COVID. When famous podcaster Joe Rogan took ivermectin, the dishonest media started spreading disinformation. They told their audience that he was taking "horse dewormer".

Joe had a chance to confront CNN's Chief Medical Officer about it. Check out this video!

We just learned that Mayo trained physician and gubernatorial candidate, Dr. Neil Shah, came down with COVID this week and is treating his breakout case with ivermectin as well. I think it's safe to say that this intelligent doctor has read a study or two and isn't using drugs for livestock. You can [see his video here](#).

While the mainstream media continues to lie to the American people about lifesaving information, Facebook does nothing. But when Action 4 Liberty tells the truth, we get banned and silenced.

We, at Action 4 Liberty, are committed to fighting back! Our field team is headed up north this weekend to door knock. We're calling tens of thousands of voters a week. We will NOT STOP until vaccine mandates are dead.

Jonathan --

Corruption and cheating is being exposed right now in the Party of "election integrity." And it appears the victims are you and me.

Last week, the Dr Neil Shah for Governor campaign sent out a [press release](#) about widespread delegate data anomalies. In some cases, Shah delegates were removed from the records despite being duly elected on caucus night.

Soon after, the Mike Murphy and Kendall Qualls campaigns joined the call for transparency with the MNGOP. Then the Party's staff member in charge of gathering the data "resigned" from the Party.

Even worse, at some county level Republican Party units, outright cheating occurred. We know this because **A LOT** of Action 4 Liberty people became delegates in Morrison County.

If you haven't seen it yet, we just published a story on the [Corruption of the Morrison County GOP](#). Give it a read!

In one precinct, delegates were removed and a legislator's wife was added. In another precinct, 10 delegates were wiped off of the delegate list, and six people who weren't at caucus were added.

==> READ THE STORY

The only way for us to ensure a **fair and free political process** is to EXPOSE the corruption and cheating when we see it.

It's disgusting to see the Political Class try to cheat good, honest patriots. They are trying to silence our voice - but it won't work.

Don't forget, Alpha News [published leaked audio](#) of a secret meeting last July where Former MNGOP Chair Jennifer Carnahan and State Rep Keith Franke discussed "**purging**" Action 4 Liberty supporters from the Party.

To defeat the COVID Tyrants and their quest for more power and control over our lives, we MUST organize a powerful resistance.

We aren't afraid to expose corruption and fraud inside the ranks of the Political Parties. That's the only way for us to take back our country and our state.

Thankfully Dr Neil Shah is aligned on this same mission. We learned a lot from his recent Facebook Live event with patriots like Anna Spore (aka No Jab Nurse), Carmelle Eickhoff, Nathan Wesenberg & Cassie Fredregill.

He was even joined by a Secretary of State candidate, Kelly Jahner-Byrne.

The best way to uncover the fraud and cheating is by listening to you. If you feel you've been targeted by the Political Class, and your voice is being

silenced or your delegate status has been taken away, we want to hear from you ASAP.

Please email us at delegate@action4liberty.com.

This is critically important because there are top notch legislative candidates who are running for office - we need to ensure a fair process for them.

If you want fair and free elections, and I know you do, the cheating by the Political Class must be exposed - then ended.

Action 4 Liberty's mission is to protect liberty for the next generation. That responsibility starts with a fair and free political process. Want to help grow Action 4 Liberty's mission? [Support us today!](#)

Jonathan,

America is becoming hard to recognize these days. From lockdowns and closure of businesses, to government mandates, we seem to have forgotten the freedoms that serve as the cornerstone of our Constitutional Republic.

But probably the most egregious thing I've seen since all of this began, is that the President of the United States is going to use the federal executive branch to force people to get vaccines they do not want.

Studies show that natural immunity is up to 13 times more effective than the Pfizer vaccination. Yet Biden and Walz don't care that hard-won natural immunity is superior to vaccinated immunity. Their Health Departments continue to bizarrely encourage the recovered to receive the vaccine.

mRNA vaccines are a new technology, so it's understandable and rational for many people to be hesitant. There are no studies that show the long term safety of the vaccine. And when you consider the fact that getting the vaccine does not actually stop a person from getting COVID or spreading it, Biden and Walz' strong-arming looks quite suspicious.

We should never have gotten to this point where the federal government can infringe on the health freedom of Minnesotans. And that's because we've had career politicians in charge, who care more about attending parties and their re-election, than rolling up their sleeves to protect your freedoms.

That's why I'm different from the other candidates in this race. I've got a great day job that doesn't involve trading away your freedoms to the government. Instead, I have built a successful private practice, helping thousands of patients improve their lives.

As much as I would love to continue building the practice and spending time with my family every evening, it's quite clear that an outsider is needed in the Governor's Mansion to stand up to the attacks on your freedom.

If we keep relying on career politicians to solve these issues, but expect different results, nothing will ever change! And we can't afford that anymore. We're losing our freedoms faster than ever.

The Minnesota legislature needs to pass a bill immediately to Stop Vaccine Mandates imposed by Joe Biden and Tim Walz. When they meet for a Special

Session this month, this should be the TOP priority.

As Governor, I would sign that bill in a heartbeat!

Your health freedom and your health privacy will be my TOP priority as Governor.

It's too bad we can't hold the election tomorrow. We need to FIRE WALZ ASAP. He has been a massive failure as governor and will only cause more damage to our state.

In order to help fight this battle in the short term, I'm going to use this campaign to get the message of health freedom out to more Minnesotans. We'll continue attending these huge medical freedom rallies and talking to the media so people hear from a doctor who thinks for himself, and doesn't just regurgitate the "approved" talking points.

But we also have a long term plan that will end in removing Tim Walz once and for all.

If you want to be part of our team, we're growing by the day and can use [more volunteers](#). I'm also not funded by lobbyists and special interests like the career politician candidates, so [donations of \\$25, \\$50 or \\$100 goes a long way to helping us build the momentum to FIRE TIM WALZ!](#)

Thank you!

Jonathan,

Last weekend, we all spent the day remembering the attack on our country that killed thousands of Americans. I will never forget that day. While ordinary Americans united to help each other, the career politicians united to steal our freedoms. And that still exists to this day.

Our elected leaders waged costly wars, destroyed our freedoms in the name of security and expanded the size and scope of government well beyond what the Founders envisioned.

Now Joe Biden has declared that private sector businesses are no longer free to make their own choices. Even more disturbingly, Biden has infringed on the health freedoms of 80 million Americans. The Constitution grants the President no such powers.

All of these infringements are the result of career politicians - not terrorists!

Following the 9-11 attacks, we were told by career politicians that we needed more "security", which they traded out our liberties to achieve. Today, we are told we need government's "protection" from COVID, and our freedoms are once again traded in.

"Those who would give up essential liberty, to purchase a little temporary safety, deserve neither liberty nor safety." - Benjamin Franklin

I refuse to let America and Minnesota fail. My parents were immigrants to this country and built the American dream for themselves and their family. America is the best country on this planet because we are free. But we're on the cusp of losing it all.

You deserve someone who is willing to stand up to the political class and fight for your health freedoms.

I'm not a career politician like my opponents, so I don't do things the same way that they do things. We ended up in the position we're in because of chronic compromise to Democrats and growing government at every opportunity.

Help me beat the career politicians and Fire Walz with a donation today.

Donate Today

As Governor, I will be a solutions-oriented guy, always looking for ways to defend your freedom. There's actually a way to fight back against the Biden Administration and Tim Walz right now. We have the opportunity to stop vaccine mandates if we Republicans unify around Rep Erik Mortensen's Stop Vaccine Mandates Amendment and force a vote in the upcoming Special Session.

Let's show the Democrats in this state that there is hell to pay if they don't get on board with health freedom. We MUST take the fight to them!

Now is the time to roll up our sleeves and Save Minnesota.

As your next Governor, I'll never let things get to this point. I will always use the office to protect your freedom from unconstitutional, federal mandates.

I will work with legislators who are willing to solve these problems and will expose those who care only about their election certificates. Some house cleaning will be needed.

Please help me Save Minnesota by beating the career politicians with a contribution today. I'm not funded by lobbyists and special interests like my opponents, so a donation of \$25, \$50 or even \$100 goes along way to helping us #SaveSota.

Thank you!

Jonathan,

It's been nearly two months now since I got into the race for Governor to help Save Minnesota from career politicians. After countless hours on the phone and attending Republican events, I keep hearing one message over and over again...

Neil, I've lost faith in the MNGOP.

This isn't something I've heard once or twice. Dozens and dozens have said the same thing. Everybody from primary voters, to local party chairs, and even state party central committee members.

Minnesota is a conservative state, but many conservative Minnesotans are sitting on the sidelines because they gave their talent and treasure to support the MNGOP - only to see career politicians deliver no results!

For instance, why is the MNGOP not unified with these heroic health care workers who are standing up against the Vaccine Mandates?! Republican politicians in St Paul can't even deliver a loud, direct message that they will fight to Stop the Biden-Walz Mandates once and for all.

The career politicians running for governor think that we should be good denizens of the swamp and play nice with the DFL. Why would we play nice with people who want to destroy our state, our values, our families and our businesses?

I'm running to Save Minnesota from the career political class. I will stand up for conservative values, even if that means taking the heat. I will not give in to the Radical Left or the career political class.

If you want to build a MN GOP that will stand up for conservatives values, unapologetically fight the DFL and their radical agenda, and set Minnesota on a path to freedom and prosperity, then I am your candidate.

Help me beat the career politicians and Fire Walz with a donation today.

Donate Today

It's time you get a candidate who is willing to take the fight to the Radical Left.

We keep losing in this state. Republican politicians never cut back the growth of government while in office. They never deliver major victories on gun rights, school choice, or on health freedom. And we lose elections and get outmaneuvered by the media.

You deserve a lot better!

The message you've sent to me since getting in the race is loud and clear. I'm committed to making you proud of the Republican ticket. And when I get elected, I'm committed to advancing your conservative beliefs.

But I have to get elected first.

Join me in fighting unconstitutional, state and federal vaccine mandates. Help me get the message out that lockdowns and masks are bad for our country. Please equip this campaign to take the message to voters that unilateral emergency powers should never happen again!

And most importantly - help me FIRE Tim Walz!

Jonathan,

The pandemic is over. But you wouldn't know it if you listened to the fear-mongering public health officials like Anthony Fauci.

On an appearance with Face the Nation this last Sunday, Fauci said it was "too soon" to know if you can celebrate the holidays with your family and friends.

It appears these fear promoters want more people to buy into getting the jab, so they are holding Thanksgiving and Christmas hostage for the

second year in a row. Your rights and your quality of life are secondary to their agenda!

But I'm not okay with letting these fear promoters and their career politician buddies continue to erode the American way of life.

This campaign is about **Saving Minnesota from career politicians** who continue to destroy this state, and our country. Your rights are under the greatest assault of our lifetime, and we can't turn to people in the political class to solve this problem.

For instance, there's a special session on the horizon in the Minnesota legislature. They are meeting to pass a \$250 Million bill that distributes tax money to frontline workers. The political class is bickering and arguing about how many people to consider "frontline workers". They want to make sure to give as much money to their special interest groups as possible.

Meanwhile, Walz and Biden have done something unprecedented: they are mandating vaccinations of hundreds of millions of Americans.

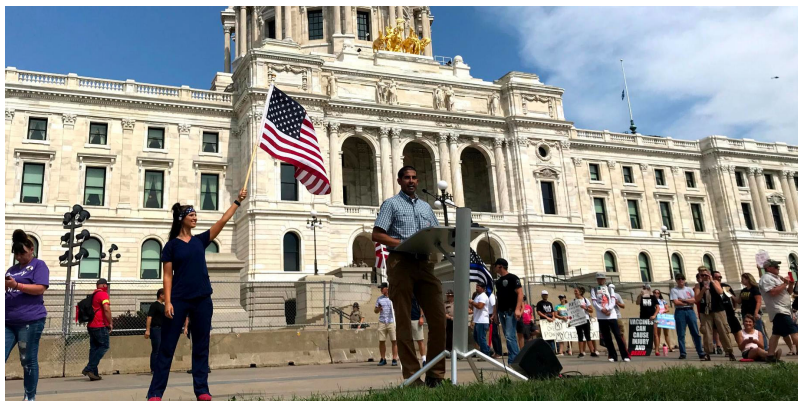

Career politicians are doing NOTHING to protect your freedom.

But Rep Erik Mortensen, who comes from the business world (like me), is standing up for your rights. He drafted a Stop Vaccine Mandates Amendment that he'll introduce in the special session to make sure the \$250 Million bill doesn't pass unless it protects your health freedom.

I applaud this move and endorse it fully.

Mortensen will likely encounter resistance from Tim Walz and the political class. Which is the reason we need to eventually Fire Walz and replace him with someone who is not a career politician. But Mortensen is a fighter, and we should support him in this endeavor.

If I'm your governor, we will go on the offense in this battle for health freedom. Career politicians on the Republican side keep putting us on the defense. That's why we're in this whole predicament right now.

It's time to reverse course on the crop of Republicans we send to St Paul. It's time we send real fighters.

Please join me in learning how we can Save Minnesota from career politicians. If you are [willing to volunteer](#), please sign up and I'll have a member from our team reach out to you soon. We also could use your financial support, since we aren't funded by special interests and lobbyists like my career politician opponents. Jonathan,

Polls show that Tim Walz's approval ratings are dropping alongside the numbers of the disastrous Joe Biden presidency. For the first time in his first (and only) term as Governor, Walz has fallen below 50%. This race CAN be won!

But the crowd of candidates is full of career politicians who are more concerned with adding "governor" to their resume than they are about saving Minnesota. They can't win. That's why we need to go a different direction - we must have an outsider with a different playbook.

I have no interest in being a politician. I'm a family man, physician and successful business owner. My priority is to protect your liberty and advance the conservative agenda as Governor, then go back to my life in the private sector.

Like you, I want to Save Minnesota for future generations.

Tim Walz is beatable! So we must get our message out. Our team continues to travel the state with our message of liberty and making sure endless emergency powers and vaccine mandates never happen again!

Last Thursday, we were in Brainerd speaking to the Cass County Republicans.

Stay in touch with us and learn how we're different than the other candidates. Find out where we're heading next by following our [Facebook page](#). And if you like our message of health freedom, please [support the campaign](#). We're not funded by lobbyists and special interests like the career politician candidates.

Let's Fire Time Walz and take back our state!

Thank you!

Jonathan,

Your personal health decisions are being decided by the government. That's not only frightening, but it's anti-American!

The medical industrial complex, mainstream media and social media giants are in bed with the government over this massive expansion of tyranny. It's so bad these days that good information about how to combat COVID is being censored. Meanwhile, the propaganda for vaccine mandates is promoted constantly.

You deserve to get the information that can help you and your family. This is why I decided to be open and honest about my positive COVID test this week, how vaccination didn't stop me from contracting it, and to discuss what I'm doing to treat the symptoms.

The media and the political class are not going to like this message. But it's the truth. I'm taking Ivermectin to treat my symptoms.

If you contract COVID, you should treat it - not just sit on that diagnosis. Monoclonal antibodies are a very effective treatment. I like what Ron Desantis is doing down in Florida by making them readily available. In fact, he's been so effective that the Biden administration now wants to cut off his supply.

Unfortunately, Walz isn't leading like Desantis, and the supply is somewhat limited in Minnesota. So I decided to leave that supply to older patients who need them more than me.

Instead, I'm using Ivermectin, which is what the lying media calls a "horse dewormer". I call it evidence based medicine. Ivermectin is an effective treatment for mild and moderate cases of COVID particularly when used early. FLCCC has a [good protocol](#) to follow.

One of the greatest tragedies of the COVID pandemic has been the willful ignorance of off-patent, cheap, older drugs, such as Ivermectin, that have proven effective at every level from test tubes, to randomized trials to epidemiological studies. These drugs could have saved millions of lives if they were used worldwide as aggressively as they were used in parts of India and a few other countries.

Unfortunately, these drugs have two fatal flaws. First, they're off-patent and thus cheap. While Pfizer makes billions of dollars off of their vaccines, and Merck stands to make even more over their new drug molnupiravir, a safe, off-patent medication like Ivermectin costs pennies per pill.

Second, the public health complex has turned into a vaccine-only cult. Despite evidence that the COVID vaccines are no longer effective at protecting against infection or spread of infection, they continue to push a 'vaccine only' plan to beat back COVID.

Vaccines alone, particularly poor performing vaccines like the COVID vaccines, will never be able to control COVID. They certainly have their role in reducing the risk of death for high-risk individuals, but they do not prevent one from contracting or spreading COVID: I'm living proof of this fact. I'm not alone, in the UK the vaccinated in most age groups are nearly [twice as likely to become infected with COVID](#) as are the unvaccinated.

You and I have a legitimate beef with the media and government for silencing, or even distorting, important information about treating COVID.

Look at this tweet about Ivermectin from the FDA that is funded by YOUR tax dollars!

We MUST stop this campaign to silence us. And we absolutely must protect health freedom against the Biden/Walz vaccine mandates.

But we can't rely on career politicians to get the job done.

I'm running to be your governor to Save Minnesota from the same career politicians who continue to bow down to the medical industrial complex and mainstream media. If we want to get rid of Tim Walz who is destroying this state, we must use a new playbook. I'm not afraid to take on these big issues and I would welcome a debate with Tim Walz on the science...any day of the week!

Please stay connected with our campaign to see how we plan to Fire Walz. Also, we had to cancel a fundraising event up in St Cloud since testing positive. But if you would like to [help our campaign to Save Minnesota from career politicians, please donate \\$25, \\$50 or even \\$100.](#)

Sincerely,

Subject: Big Win Last Night

To: [REDACTED]

Jonathan,

As you have undoubtedly heard by now, the left was dealt defeat-after-defeat last night across our great nation. Most notably, Glenn Youngkin decisively defeated his democrat opponent for the Virginia gubernatorial race.

Fast forward to next year. In Minnesota we could be celebrating victory over Tim Walz, but only if we do one thing right:

Pick the right candidate.

The left cannot pivot away from their failures to keep our streets safe, educate our children and keep the economy running.

We need a gubernatorial candidate in Minnesota who will unapologetically stand for conservative principles, fight back against the woke mob and run a winning game plan to turn out our base, win the suburbs and make inroads into the Cities.

So who's capable of beating Tim Walz? You have a choice between career politicians, current and former state senators, who have shown a pattern of failing to defend and advance conservative principles, and a conservative political outsider.

Here's how I differ from the politicians in this race:

- I signed the Never Again Pledge on day one of my campaign, with my mom as my witness, because we can never again allow one person to infringe on our

rights and freedoms. All the politicians in the race (Jensen, Benson & Gazelka) have refused to sign the Never Again Pledge.

- **I don't talk about the Second Amendment, I live it.** As a citizen who exercises his right to be prepared to defend his family, his coworkers and his patients everyday, I will push to restore gun rights in Minnesota by advocating for Stand Your Ground and Constitutional Carry.

Senators Jensen, Benson and Gazelka never got us a vote for important legislation like Stand Your Ground or Constitutional Carry in the 4 years they were in the Majority. Meanwhile, Democrats have passed their anti-gun bills in the House. Scott Jensen even co-authored Universal Background Checks, delivering a huge win for the Anti-gun Left.

Who do you trust to protect your Second Amendment rights - a guy who carries a Glock 43 everyday or the career politicians?

- **I will cut taxes and spending.** We need bold policy proposals like eliminating the income tax and death tax. We can get it done by growing the state economy and drastically reducing the size and scope of spending. This is where I differ the most with the career politicians in the race.

All of the politicians in this race have voted to increase government spending by passing billion dollar omnibus bills. Jensen, Benson & Gazelka have also spent budget surpluses instead of giving them back. And, in 2019, they all voted to increase taxes in this state.

We can win in 2022 - but only with the right candidate.

I am a principled conservative who will fight to Save Minnesota from the radical left and the career political class. With your help my campaign can earn the GOP endorsement, win the primary and **defeat Walz next November**.

We need your help to #SaveSota. Sign up to [become a volunteer](#) so we can expand our reach in the grassroots movement. If you don't have the time to volunteer, [please consider donating to this campaign](#). We aren't funded by lobbyists and Special Interests like the career politician candidates, so [\\$25, \\$50 or \\$100 goes a long way to helping us win!](#)

Thank you!
